

EPA Library Internship Program

Information Session

Join EPA Library staff and interns to learn more about internship opportunities for the 2016/2017 academic year.

This unique internship program allows Master's students to gain experience in various areas of library services including reference, interlibrary loan, cataloging, serials and scientific literature searching. Interns can gain teaching experience if interested, and all interns work on special projects.

For more information visit <http://sils.unc.edu/careers/employment/internships/EPA> , or contact Susan Forbes, EPA Library Director, at forbes.susan@epa.gov

Light refreshments will be served.

EPA Library Internship Program Information Session

Tuesday, March 29, 2016
