EPA Library Internship Program

Information Session

- Paid student internship opportunities starting summer/fall 2018
- Gain professional level experience working in a research library at the US Environmental Protection Agency in Research Triangle Park
- This unique internship program allows MLS students to gain experience in various areas of library services including reference, instruction, interlibrary loan, cataloging, e-resources and scientific literature searching.

Join Susan Forbes, EPA Library Director, to learn more:

Tuesday, March 27, 2018
5:30pm to 6:00pm
NCCU - SLIS
Room LIB 316
or
